Experience: UX ▪ UI ▪ Interaction ▪ Product Design

User Experience Designer
Halftone Digital

Minneapolis, MN
May 2018 to Mar 2020

- User experience design, design strategy, UI design, interaction design, information architecture, project management, accessibility evaluation for designs, user research, and usability testing for a variety of mobile and responsive web-based projects. Long-term project examples include:
 - Worked collaboratively to create a personal productivity web app aimed at bringing together a calendar, a to-do list, and a variety of meeting options and environments.
 - Helped with creating the designs for two apps in cooperation with a national HVAC industry trade association. An android mobile app was created to assist field technicians who repair and maintain residential and commercial HVAC systems. A desktop app was designed for HVAC contractors who coordinate and supervise a group of field technicians in a larger organization.

Web Services Assistant, Reference Librarian
Macalester College, DeWitt Wallace Library

Saint Paul, MN
Jun 2006 to Dec 2008

- Assisted with the UI design, planning, information architecture, and content management of the College website collaborating on a team of two people.
- Provided support and instruction to the College community in designing and publishing information on the campus and library website.
- Provided research assistance, taught instruction classes and workshops, and produced web guides to assist students, faculty, staff, and campus visitors with research and learning objectives.

Digital & Web Services Librarian
Macalester College, DeWitt Wallace Library

Saint Paul, MN
