Experience: UX Design, Web Design & Teaching

Lead UX Designer

[3M Design, Oral Care Solutions Division](#)

Saint Paul, MN | May 2022 to Present

- Collaborate with design team members to identify user experience improvements for the digital platforms of the Oral Care division including patient tracking, treatment planning, and case management in a web app for orthodontists as well as an equivalent web environment for 3M oral care technicians.
- Provide leadership and mentoring to other oral care UX design team members as well as project planning and implementation in cooperation with the team design manager.
- Work together with colleagues in other divisions and groups within 3M Design through professional initiatives and cooperative design opportunities.

Senior UX Program Coach

[Prime Digital Academy](#)

Minneapolis, MN | December 2020 to Present

- Work directly with students in, and alums of, the UX Design program in virtual tutoring sessions during weeknights and weekends to provide software support and troubleshoot technical issues as well as provide practical, hands-on instructional guidance and support with weekly assignments and projects.
- Plan and create instructional support tools, resources, tutorials, videos, etc. to help students within a fast-paced, immersive, and intensive learning environment.

UX & Web Specialist

[Gillette Children's Specialty Healthcare](#)

Saint Paul, MN | September 2020 to April 2022

- User experience design, web design, content management, design strategy, UI design, interaction design, information architecture, project management, accessibility evaluation for design, and user research for responsive web-based projects at the Gillette Children's Specialty Healthcare non-profit organization.
- Project Example: Create a strategy and plan for implementing components and suggested updates from a detailed user experience design audit.
- Project Example: Work together with outside vendors to interpret and analyze an exhaustive accessibility audit in order to implement fixes for the identified accessibility issues on the organization's user-facing website.

UX Designer

[Halfstone Digital](#)

Minneapolis, MN | May 2018 to March 2020

- User experience design, design strategy, UI design, interaction design, information architecture, project management, accessibility evaluation for design, user research, and usability testing for a variety of mobile and responsive web-based projects.
- Project Example: Worked collaboratively to create a personal productivity web app aimed at bringing together a calendar, a to-do list, and a variety of meeting options and environments.
- Project Example: Design two apps in cooperation with a national HVAC industry trade association. An android mobile app was created to assist field technicians who repair and maintain residential and commercial HVAC systems. A desktop app was designed for HVAC contractors who coordinate and supervise a group of field technicians in a larger organization.

Web Services Assistant, Reference Librarian

[Macalester College, DeWitt Wallace Library](#)

Saint Paul, MN | June 2006 to December 2008

- Assisted with the UI design, planning, information architecture, and content management of the College website collaborating on a team of two people.
- Provided support and instruction to the College community in designing and publishing information on the campus and library website.
- Provided research assistance, taught instruction classes and workshops, and produced web guides to assist students, faculty, staff, and campus visitors with research and learning objectives.

Digital & Web Services Librarian

[Macalester College, DeWitt Wallace Library](#)

Saint Paul, MN | January 2004 to May 2006

- Assisted with the UI design, planning, information architecture, & content management of the library website and associated internal web tools and resources.
- Provided research assistance, taught instruction classes and workshops, and produced web guides to assist students, faculty, staff, and campus visitors with research and learning objectives.
